**Subject:** Hats on Flight Line--Brief at Roll Calls

Civilians may wear hats on the flight line. Military folks are still prohibited from wearing hats as per Dover Sup to AFI 36-2903.

**Subject:** result of Union meeting

Col Hamm;

I met with the Union today to discuss "hats on the flightline". I explained to them that due to their safety concerns (protection from the elements) we were going back to a status quo position prior to disallowing hats on the flightline. They were elated. I respectfully suggest that at roll call tomorrow or on Thursday, your supervisors brief this to the bargaining unit employees. CPO will draft a formal response for you to answer the step 2 grievance. Per the contract, only you can respond to it.

V/R
